Minter, Douglas has shared a OneDrive for Business file with you. To view it, click the link below.

 NRC EPA RA Call Prebrief Document.docx

Hi Valois: what does the rest of your afternoon look like for review of this document? To save time, you could just review the few prompts/comments that Lucita and I have for you since most of the briefing document is based on past briefings and history to date. Also, if we have a clean current copy of the Class III vs. NRC license burden analysis I can drop in as attachment 2 that would be great.

Let me know.

Thanks!

Douglas

Hi Valois and Lucita: here is what I have drafted/assembled that includes talking points for Greg when he meets with NRC on our Dewey Burdock Class III permit requirements. I have also included two documents (Attachments 1 and 2) we used in past briefings with Greg in case he needs more detail.

I would like to get this to Darcy for her review by tomorrow afternoon, so please let me know if you have comments, etc. by noon tomorrow if possible.

Bill: copying you in FYI.

Thanks!

Douglas
